## ABOUT ME

---

I am from Electronics and Communication Engineering (ECE) Department . I have a strong passion for technology and problem - solving. While my foundation lies in electronics and communication networks,I am equally driven to explore the software side of technology. I enjoy learning new tools, programming concepts, and applying them to real - world projects. I adapt quickly, work well in teams, and approach challenges with curiosity and determination. I am eager to contribute to innovative software solutions, enhance my technical expertise, and grow with an organization that values creativity and continuous learning.
